Presidents Report

July has been a busy time for us again with the Arms of Australia Inn Open Day being well attended by the public and a small group of our Club members selling some of their fine wood-ware and raffle tickets for a prize donated by Ian Griffiths. and Philip Tonks.

Our location was not the best and so we had limited responses to our stand.

We raised \$130.30 for the Club from our raffle and the percentage of Member's sales.

The very happy raffle winners were Annette from Glenmore Park, first prize, and John from Mt. Riverview getting second prize.

At our last Tuesday Club Night Meeting, Doug Cox took us through the steps in bending/curving wood.

Doug showed us the main methods generally used for doing this including bending in the solid, veneering on shaped cores, cutting and building up from the solid, bull nosing, plywood laminating and saw kerfing.

At the Saturday Workshop, we worked on making band saw boxes again, and other own project work.

Our next Bus trip is still under discussion.

At our next Tuesday Night Club Night (15 September 2015), we will have a demonstration by Daniel Clift. of turning pens and other work on the lathe, with other Members having "hands on" time, and a demonstration of pocket hole joinery work.

At our next Saturday Workshop (19 September 2015), we will complete the band saw boxes, and Daniel and other Members will again work on the Lathe.

Please feel free to contact me if I have forgotten anything else, or got something wrong – I am beginning to get used to it now.

I blame my new best friends for this – you may know of them, and you will meet them too one day, soon enough.

They are of course Al Zeimer and Dee Mentia.

The Annual General Meeting for 2015.

The AGM will take place at the Girl Guides Hall in Bunbinla Avenue Mount Riverview, on Tuesday 15 September 2015, commencing at 7.00 PM.

Please attend if you can, so we can hear your comments on what we are doing right or wrong, or how we can change things to make us a better group.

It is important that you have your say in these matters.

You will also find included in this issue of Fine Cut, an official form notification of the AGM, and a nomination form to be one of our Executive Committee, General Committee, or one of the very important Non-Committee positions.

All positions become vacant at the AGM and if you feel you can help our Club, please consider joining.

The essential criteria for any position are on the form.

After the AGM is concluded, it is normal that we show a video/DVD of some woodworking item.

This year, we are asking Members to bring a woodworking jig they use/have used to make something special.

This will be a "Show and Tell", so that Members can demonstrate or show its use, and what it can make.

So please bring along something.

Bus Trip.

We are working on it, with a trip to the Bowral Men's Shed in November 2015 tentatively planned, they are there only on Tuesday's and Thursday's. Dates possibly are, 3rd, 10th, 17th or 24th.

If you any other ideas where we could go, please contact Ray Barrett.

More details will follow soon.

Community Project.

This time it is the prefabrication and installation of at least one bird feeding station at LOOSH. (*Lapstone Out of School Hours*)

They will be made from second hand (pre loved) fence palings and fence posts or rails and finally put together and installed by the LOOSH children, with our assistance. We have the necessary materials, with the posts, they are, in old fashioned terms, 3.75" X 1.75" X 7' long. Perhaps the posts could be used in a T format for strength I am hope-full of some more palings and posts.

Club Happenings

The Executive has put together a programme for club activities. Amongst them are using the pocket Hole Jig, when we find it!, Specific screws for different timbers, Cutting Tapers, just to mention a few.

Cedar Timber

We have been offered, for FREE, some solid cedar bed heads. These are local and are in good condition. Do we want it?, otherwise it sits on the footpath and is likely to go for firewood.
