Emu Plains NSW 2750

Welcome to 2015.

I would normally put the Presidents report on the front page, but, as their are some date changes to be aware of, the Presidents report is on page 2!!

Firstly, I would like to wish all members a Happy New Year, and trust you all had a lovely Christmas.

Date changes;

Saturday workshop is on **Saturday 17th of January.**
Tuesday meeting will be on **Tuesday 20th January.**

These changes come about due to Australia Day 2015 falling on our normal Saturday get together.

Australia day, January 26th.

We will be at Glenbrook on that day from 0730. When arriving, advise the gate keepers who you are with so they will let you come in and park. We should be next to the Woodturners so we can get electricity.

The demonstrations will be Wood carving, Scroll saw and Box making, these will be confirmed at the Saturday workshop on January 17th.

Please come and support your club and enjoy a great day on the 26th. You will be most welcome!

Membership Drive.

Your Executive have decided, and I think this will meet with your approval, to conduct a new membership drive for 2015.

We also plan a demonstration day to make the public aware of what we do. This is planned for February 21st, which would be our normal Saturday workshop, and will be confirmed on the Saturday 17th workshop day.

Time will be from 10.00 until 1400 hrs. Naturally, all members are asked to come along and be available to talk to the public and also to show what we do.

Community Projects

Carrying out some small community tasks for organisation in the mountains or surrounding area's (*light work only!*), is on the agenda for 2015.

Even if you're on the right track, you'll get run over if you just sit there.

While every care is taken to ensure accuracy, the editor and publisher will not accept responsibility for any inaccuracies in articles or information contained in Fine Cut

Presidents report

Welcome to 2015.

This year the club is looking at ways to attract and inform new members, be involved with more community projects and build new projects. It is hoped that we can also vary our scope of talks and club visits.

In 2014 we had a range of workshop tasks that covered as such as stair making, using clamps, saws, sharpening and using planes, all provided by our very experienced and knowledgeable members.

We thank them all and would like to see other members contribute to our club meetings through sharing their expertise and knowledge this year.

As we have acquired a new lathe, we will be inviting members and highly qualified individuals to give us training in it's safe and creative use. (*We anticipate this can be provided by members of the Blue Mountains Woodturners group*)

The Club Challenge this year will running this year so we will look forward to having some great things made by club members again.

The Club website will be updated (hopefully) by the end of January and still needs member articles or news notes.

If you happen to find a woodworking website or YouTube video that you feel is worthwhile for members to look at please send the details to me or Ray ASAP. Don't forget the club has a copy of the Woodworking Masterclass season 1 DVD that is available for borrowing. Season 2 is being broadcast early this year and we will be looking at buying it when it is available. (*This was on TVS Channel 44 on Wednesday January 7th 2015*)

Our Australia Day stall is another essential public profile activity that we need to all support as best we can. Please let Ray or me know if you can help in the morning or afternoon shift. It is always a great day out! See you at the next meeting.

Philip Knight
President.

Saturday 17th Workshop.

Saturday workshop will allow members to do their own projects, but also, some general equipment maintenance will be carried out on the clubs equipment.

A shoeshine box is to be started / finished, and finishing of the parts carousel's. Hopefully completed for sale at the Australia day event.

What's on for 2015.

This year, the club has reintroduced the Club Challenge, members who participate will be to make something from a plank. Last challenge, members made boxes, but the 2015 challenge will be at the members own discretion.

The cost to members is \$15.00, to be paid on commitment to the challenge. The item **must** be presented at the November meeting, NO LATE ENTRIES!!!!

The ladies will do the judging at the Christmas party.

We ask if members can come up with some idea's for club projects, and topics to discuss or demonstrate at the Tuesday meetings, even if it is a repeat topic.

Blue Mountains and Penrith Woodworking Club Inc.

Following is a list of dates for our various Meetings & outings throughout 2015.

January 2015
